

Create an ALEKS Account

The cost for an ALEKS PPL account is \$25 for access through one calendar year. There will be an additional one-time fee for the use of the Respondus Monitoring software. You will need a credit card to pay for your account and the monitoring software. If you don't have a credit card, you may be able to use a debit card or purchase a universal gift card (for example, a VISA gift card) that will work with the website.

Follow the steps below to register for and access ALEKS Placement Prep and Learning. For help with registration, contact ALEKS Customer Support or call 800-258-2374.

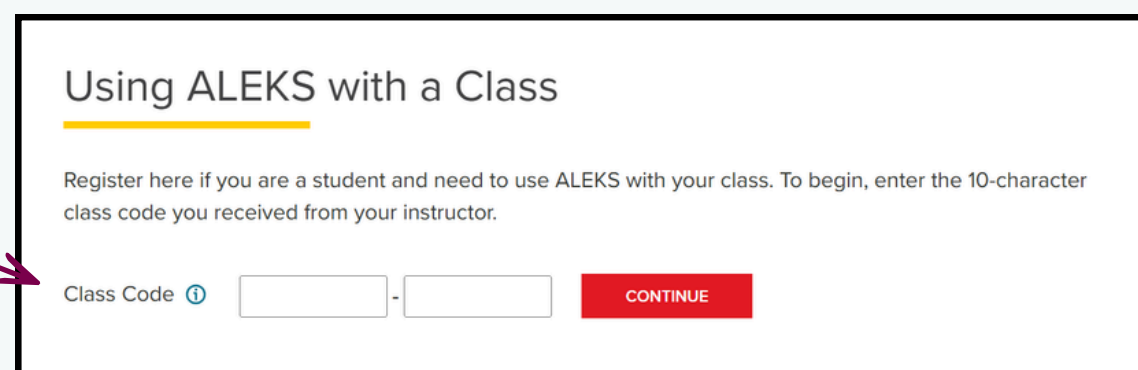

Step 1: Visit aleks.com and select **Sign Up (New Student?)** at the top of the webpage.

Step 2: On the next page.

Enter the 10-character code **HQVED-XJDVN** into the **Class Code** box.

Then select **Continue**.

Step 3: Verify Your Class is **St. Thomas Math Placement Assessment, Summer 2026 - Spring 2027** and the Institution is University of St. Thomas. If the information is incorrect, select (Cancel) to re-enter the ALEKS code. If the information is correct, select Confirm.

Step 4: Select "No, I have never used ALEKS before." Then select Continue. Note: Even if you have used ALEKS before, you still must select the first option to create a new ALEKS account for St. Thomas math placement purposes.

Step 5: Complete the **student information** and **be sure to write down the password you create**. Agree to the Terms of Use and then select **Continue**.

Step 6: You'll next see your **login name** generated by ALEKS. A confirmation email will be sent to the email address you provided that includes your login name. **Be sure to save this information**.

Step 7: On the next screen, you'll be asked for an access code – click "**I need to purchase an access code.**"

Step 8: Follow the directions to purchase an access code – begin by entering the school name (University of St. Thomas).

Step 9: Enter your address and phone number information – click "**Review Order.**" Verify the information, then click "**Payment**" to enter your credit card information. **Complete payment.**

You'll need your login name and password each time you log into ALEKS PPL. If you ever forget your login name or password, you should use the account recovery process. Do not create a new account.

Once you have created your account, you can begin the math placement process by visiting aleks.com and entering your login credentials. The program will begin with an introduction to ALEKS, and then you can begin your first assessment, which will serve as a diagnostic tool to set up your learning plan. See [Take the Assessment](#) for more information about how to take the assessment.
